# Evolution

Deep Logistics traces its roots to the respected legacy of Mr. Deepak Thakre, who has been serving the Maharashtra Government in the construction sector for over 35 years. From this strong foundation of trust, experience, and quality, the company expanded into logistics operations. For the past three years, logistics has been a crucial part of our parent company's operations. With consistent growth, increasing demand, and a larger client footprint, we have now launched Deep Logistics as an independent, professionally managed logistics organisation. Today, we handle nationwide transportation needs with a fleet of 100+ company-owned vehicles and 150+ vendor-attached vehicles, growing steadily across industries like pharmaceuticals, construction materials, and power plant job works. Our journey reflects a transformation from a construction-based enterprise to a modern, multi-modal logistics company offering reliable and efficient services across India.

# Introduction

Deep Logistics is a dedicated logistics and supply chain solutions provider offering road, rail, and air transportation services across India. We specialise in Full Truck Load (FTL), Part Load (PTL), and Parcel Cargo solutions, ensuring safe, timely, and cost-effective deliveries. With a strong presence in Maharashtra, North India, and Chhattisgarh, we cater to diverse customer segments with tailored logistics strategies. Our expanding fleet, experienced team, and technology-driven operations allow us to manage end-to-end logistics with precision. Whether it is long-haul movement, sensitive pharma transportation, construction materials, or power-plant-based job work, Deep Logistics stands for reliability, transparency, and commitment.

# Mission

Our mission is to deliver seamless, secure, and dependable logistics solutions that empower businesses across India. We aim to:

Provide multi-modal logistics services with the highest standards of safety and efficiency.

Expand our operational network across India with a modern fleet and strong vendor partnerships.

Ensure on-time deliveries through advanced planning, real-time tracking, and professional service.

Build long-term relationships with clients by offering customised, cost-effective logistics solutions.

Uphold values of integrity, innovation, and customer satisfaction in every service we provide.
